  as related to student behavior, 57
Assessment of group behavior, 102
Attitude changes during counseling, 232
Attitude scale, application of reciprocal technique, 256

Behavior of students, productive, 57
Bell Adjustment Inventory, 132
Biographical data, use in counseling, 101
Biographical Inventory for Students, 116
Book comments, 60, 123, 200, 273
Book reviews, 60, 122, 197, 271

Career patterns, as a basis for vocational counseling, 12
  in neuropsychiatric setting, 120
  study of, 56
CEEB-Scholastic Aptitude Test, 106
Client as learner, 45
Clinical process, analysis of, 203, 207
Clinical psychology training, 174
Counselees and test scores, 149
Counseling, and diagnosis, 63
  and perceptual field theory, 33
  attitude changes during, 232
  as learning, 31, 36, 42
  client-centered, 1, evaluation method misused, 249
  evaluation of, 1, 7, 49, 118, 125, 249, 252
  identification of techniques, 21
  follow-up, 1
  from career patterns, 12
  occupational information in, 84
  of failing college students, 125, 131
  personality, 63, 69
  process and theory, 265
  recent research implications, 100
  rehabilitation, 240, 243
  satisfaction with, 1
  symbolic sexual gestures in, 180
  traditional, 1
  use of Kuder, 153
  vocational, 12
Counseling psychology training, 174
Counseling theory, 184
Counselors, analysis of style, 21
  degree of lead, 78
  personality characteristics of, 27, 74, 103, 221
  selection of trainees, 174
  training of rehabilitation, 246

DAT, use in academic prediction, 106, 114
  use in counseling, 149
Deficit, inhibitory, 40
Diagnosis, in personality counseling, 63
  of personality, 203
  semantics in, 70
Discussion units for analysis of counselor style, 21, 78

Field theory and counseling, 33
Follow-up, of high school graduates after 25 years, 144
  of two kinds of counseling, 1
